Sir:

In accordance with 37 CFR 1.97(b)(3), the materials listed on the enclosed form PTO/SB/08a are brought to the attention of the Examiner. A copy of the non-U.S. patent document is enclosed.

The two listed documents were cited by the European Patent Office in an Office Action issued in a corresponding European patent application on October 13, 2008. A copy of the Office Action is enclosed. It is noted that the Office Action cited three documents. The one not listed on the enclosed PTO/SB/08a form, EP 1 011 037, was cited in the Information Disclosure Statement filed with the subject application.

The Swiss document, CH 520,367 does not appear to have an English language abstract or equivalent. It appears to show a fluid flow circuit of some type.

US Patent No 4,734,872 is in the English language. No discussion of this document is required.

Entry of these materials into the file of the subject U.S. patent application, and their consideration by the Examiner, is respectfully requested.

Respectfully submitted,

Klaus Georg Matthias MÜLLER
